

1:1 Spray Tan Training

A premium, personalised 1:1 training experience designed for anyone wanting to gain the skills and knowledge required to confidently provide and apply cosmetic tanning products to clients.

What you will learn

SPRAY TAN THEORY

- What is professional spray tanning?
- How spray-tan solutions work
- Solution selection and colour development
- Skin types and undertones
- Understanding different tanning depths

CLIENT CONSULTATION

- Conducting a professional client consultation
- Identifying and understanding your client's desired result
- Identifying skin concerns and contraindications
- When to proceed, modify or decline a treatment
- Patch testing and client safety

SKIN PREPARATION

- How clients should prepare before their appointment
- Exfoliation and hair removal guidelines
- Managing dry or problematic areas
- Moisturiser, deodorant and skincare - how these effect your spray tan application
- Preparing hands, feet, elbows, knees and other tricky areas

PROFESSIONAL SPRAY TECHNIQUE

You'll receive hands-on training covering:

- Correct spray-gun setup and handling
- Body positioning
- Spray distance and pressure
- Consistent application
- Even coverage
- Avoiding streaks, patchiness and overspray
- Hands, feet, elbows and knees
- Face and neck application
- Blending and finishing techniques
- Achieving a natural-looking result
- Troubleshooting common application issues
